Soft skills

- Teamwork -moderate
- Time Management-proficient
- Problem-solving-moderate
- Communication-moderate
- Responsibility-proficient
- Adaptability-proficient

About Me

I am a student pursuing a Bachelor's degree in Data Science at TARUMT. I am highly passionate about learning new things and enjoy exploring new technologies. I am always eager to take on new challenges, especially complex problems. I am persistent and do not give up easily—when faced with difficult bugs or problems, I continue trying different approaches until I find a solution. I genuinely enjoy the learning process behind problem-solving.
